

Acer Display Solutions

- PROFESSIONAL**
Dynamic and energizing visuals in high display resolution and true-to-life colors.
- ESSENTIAL**
Striking visuals with a wide array of ports.
- PROSUMER**
Outstanding visual experience via high resolution and wide viewing angles.

THE ACER ERGOSTAND pivots vertically so content on display can be viewed in portrait mode. It also tilts and moves up and down for finding the most comfortable viewing position. Plus, the swivel adjustment lets users move the display around for convenient sharing.

*Acer Ergostand is available on Professional B series displays
** CZ340CK is able to adjust height up to 120mm.
