## YOUR ULTIMATE ALLY IN POWER

- **Aggressive Pricing.** As a true manufacturer, we have significant control over product pricing and pass the savings on to you. Get the products that have all of the technology you need at a savings of up to 25% when compared to the competition.
- **Outstanding Quality and Reliability.** Get peace of mind with stringently tested, reliable products. We offer three to five-year warranties on all UPS systems including the batteries. We have been recognized as a top 100 company by CRN Magazine from 2011-2015.
- **Specialized Support for Federal Opportunities.** Government sales specialists are here to help with RFP support, custom power solutions, joint sales calls, risk-free demo programs, and evaluation requirements for virtual power audits. We are responsive, flexible, and ready to get the information you need, when you need it.
- **Efficiency Across the Board.** Whether it is UPS systems, PDUs, surge protectors, or power accessories, we offer the largest amount of ENERGY STAR® certified products offered by a power protection company in the IT channel.

## CERTIFICATIONS

CyberPower offers over 125 ENERGY STAR certified UPS systems (350VA - 10kVA)

CyberPower offers UPS systems and PDUs that are Cisco® EnergyWise™ compliant End Devices.

PowerPanel® Business Edition software is VMware Ready.

CyberPower provides an industry-leading 3 year product warranty on all UPS systems - including batteries.

## AWARDS

CRN Data Center 100 List - Top 20 Infrastructure Provider 2011 - 2015
