HP Elite x3

The one device that's every device

The HP Elite x3 is HP's first built-for-business mobile device to deliver seamless phablet, laptop, and desktop business productivity in a single device.¹

Travels light, docks large

Effortlessly switch between phone, desktop, and laptop experiences.²

Total security

Business-class security features help protect your sensitive data.

Built for business

Enjoy on-the-go access to your corporate apps through HP Workspace.³

Apps sold separately; availability may vary.

Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers, software, or BIOS updates to take full advantage of Windows functionality. Windows 10 is automatically updated, which is always enabled. ISP fees may apply and additional requirements may apply over time for updates. See microsoft.com.

1. Based on HP's internal analysis as of January 14, 2016, of mobile devices preinstalled with Windows 10 Mobile, designed to pass MIL-STD-810G and IP67 testing, the ability to run virtualized corporate apps on a big screen using an optional dock, and a biometric solution for security.

2. Optional dock required and sold separately. Peripherals sold separately.

3. HP Workspace software update for Windows 10 required and planned in a future release. Subscription required. Corporate application must be licensed on corporate network for virtualization.
